JOIN KTG TOURS FOR OUR 5 DAY SPRINGTIME TOUR EXPLORING THE BEST OF KANGAROO ISLAND, FLEURIEU PENINSULA & THE BAROSSA

Day 1 Tuesday 15 October 2024

Meals: L, D

Your tour starts at Sydney Airport where you meet your KTG Tour Host who will accompany you on your 5 day tour. Our Qantas flight departs Sydney at 8:45am, arriving in Adelaide at 10:20am.* On arrival, we collect our bags and board our awaiting coach, then travel south via McLaren Vale, the birthplace of the South Australian wine industry and home to some of the world's oldest grape vines. Enjoy lunch at the McLaren Vale & Fleurieu Visitor Centre before continuing on to Victor Harbour, a delightful seaside township on the Fleurieu Peninsula. Take a ride on the only horse-drawn tramway in Australia (subject to weather conditions). Sit back and relax as magnificent Clydesdale horses draw us along the causeway from Victor Harbour to Granite Island and back. Then, it is time to settle in to our accommodation for the night.

Day 2 Wednesday 16 October 2024

Meals: B, L, D

This morning we travel to Cape Jervis ready to board Sealink's large modern ferry for the 45 minute journey to Penneshaw on Kangaroo Island (or 'KI' as the locals call it). Here we are met by our local Driver Guide who will help us explore the incredible island. Covering an area of 4,416 square metres, KI is the third largest island off the coast of Australia. Our first stop is to Emu Ridge Eucalyptus Oil Distillery for lunch and a guided tour of this unique attraction. Find out how the traditional Aussie bush product is made, as well as the past and present process of eucalyptus oil distilling. Next, we visit Clifford's Honey Farm for a talk and tasting. Discover the unique Ligurian bee and learn about the process of honey production. Spend the next 2 nights at the Mercure Kangaroo Island Lodge. The property overlooks the tranquil ocean waters of American River Bay, surrounded by trees, birdlife and animals with an award-winning restaurant.

Day 3 Thursday 17 October 2024

Meals: B, L, D

We start our second day's adventure exploring the pristine wilderness of Kangaroo Island at Seal Bay Conservation Park. Here we are treated to an unforgettable experience as our expert guide takes us down on to the beach and introduces us to the endangered sea lion colony. Next, we visit the Raptor Domain for a private viewing of the impressive Birds of Prey "In Flight" Presentation. Then, we travel to the south-west corner of the island where we enter Flinders Chase National Park, a protected area and sanctuary for endangered species. The park is also home to some spectacular geological phenomena. Perched above the sea, the impressive Remarkable Rocks form a cluster of precariously balanced granite boulders shaped by the erosive forces of wind, sea spray and rain over some 500 million years. We pause to admire the striking Cape Du Couedic Lighthouse and witness the amazing forces of nature at Admirals Arch. A viewing platform and boardwalk around a cliff face leads to the spectacular natural rock arch and allows us to observe a colony of New Zealand fur-seals on the rock platforms below.
